**Additional information** Tata Steel, the flagship company of the Tata group, has a crude steel production capacity of nearly 30 million tonnes per annum (MnTPA). A Fortune 500 Company, the Tata Steel Group is the world's second-most geographically diversified steel producer, employing over 80,000 people in nearly 50 countries. The Tata Steel Group recorded a turnover of \$139,504 crores in the year ended March 31, 2015. Tata Steel founded India's first industrial city, now Jamshedpur, where it established India's first integrated steel plant in 1907. The Jamshedpur Works currently comprises of a 9.7 mtpa crude steel production facility and a variety of finishing mills. Three new Greenfield steel projects in the states of Odisha, Jharkhand and Chhattisgarh are underway to augment production capacity further by 23 mtpa. Mines and collieries in India give the Company a distinct advantage in raw material sourcing. Iron Ore mines are located at Noamundi (Jharkhand) and Joda (Odisha) both located within a distance of 150 km from Jamshedpur. The Company's captive coal mines are located at Jharia and West Bokaro (Jharkhand).
