Masters programmes Although not aimed specifically at Master's graduates, Airbus offers a variety of [graduate programmes](#) across its three Divisions: Airbus, Airbus Helicopters and Airbus Defence and Space which may be of interest.

The [International Graduate Programme](#) is a 2-year programme including work experience in different divisions (Airbus, Airbus Defence & Space and Airbus Helicopters) and countries of Airbus. It aims for recent graduates with an initial professional work experience of at least one year with a strong academic background in the following disciplines – Engineering; Manufacturing; Computer Science/IT; Business related subjects. The ideal candidate will have studied and/or worked for a minimum of five years in a country outside of Europe. Fluency in English is essential and one additional language is an advantage. Candidates are also expected to be completely flexible and mobile throughout the duration of the two years' programme.

[Internship](#) opportunities are available in disciplines such as engineering, manufacturing, supply chain, human resources (HR), finance, Information technology (IT) and communications. To qualify, candidates must be enrolled in a university and be looking for a placement that will last between 3 months and 1 year. Entry requirements may differ from country to country. Job opportunities are available worldwide, visit [Search and Apply](#).

How to apply Please note that the company only accepts online application in the career site. Interested candidates can also [Register in Internship Candidate Pool](#) if they cannot find the right internship now. Interested applicants may wish to follow the [Airbus Careers](#) Facebook page.

Key dates Applications for the International Graduate Programme will reopen in 2018. For Career Events, click [here](#).

International Opportunities The company will help the candidate apply for a visa and work permit once selected for a position. Airbus Group internships are primarily available in France, Germany, Spain and the UK.

Additional Information Airbus is a global leader in aeronautics, space and related services. In 2016, it generated revenues of €67 billion and employed a workforce of around 134,000. Airbus offers the most comprehensive range of passenger airliners from 100 to more than 600 seats. Airbus is also a European leader providing tanker, combat, transport and mission aircraft, as well as Europe's number one space enterprise and the world's second largest space business. In helicopters, Airbus provides the most efficient civil and military rotorcraft solutions worldwide.

Company **Raytheon**

Address HQ: 870 Winter Street, Waltham, Massachusetts, MA 02451-1449, USA
UK: Kao One, Kao Park, Harlow, Essex, CM17 9NA, UK

Telephone HQ: +1 781 522 3000
UK: +44 (0)1279 426862

Corporate website www.raytheon.com

Contact Nathan Bainbridge, Director of Human Resources
Tel: +44 (0)1279 426862. Email: nathan.bainbridge@raytheon.co.uk
Katie Goodall, HR Resourcer. Email: Katie.Goodall@raytheon.co.uk
For information and questions relating to the Leadership Development Programme in the UK,
email: graduates@raytheon.co.uk.
For general recruitment enquiries in the UK, email: rsirecruitment@raytheon.co.uk
In the USA, all contact must be made via the website online application system.

Masters programmes The careers website can be found at [Careers](#). In the USA, Raytheon builds talent through a two-year, rotational [Leadership Development Program](#) designed to provide challenging opportunities within the context of short-term work assignments. Eligibility requirements vary by discipline. Many participants exhibit prior experience in their area of focus and/or hold advanced degrees. Click on the link above to find out more about each individual program and to download the specific brochure relating to it.

The Graduate Leadership Development Programme is also run in the UK, aimed at those with a 2:1 degree although those with Master's degrees are welcome to apply. Graduate intake opportunities in the UK vary on an annual basis, but Raytheon UK consistently invests in graduates across Engineering and Technology (including Cyber Security, Aerospace, Software, Hardware etc), Programme Leadership, Commercial, Business Development, Finance and other business roles. Starting salary is £26,000.

How to apply Outside of the Leadership Development Programs, there are also many positions at Raytheon that require a Master's degree. A job search facility is also available at [Job Search](#). Type Masters into the keyword box to obtain a list of direct hire roles where a Master's degree is required, as well as openings for Interns and Co-ops.

Key dates A list of recruitment events in the USA is available at [Upcoming Events](#). Applications for the Leadership Development Programs are ongoing, subject to business requirements. For vacancies that occur throughout the year, there will be a closing date on the advert.

International Opportunities Leadership Development Programs are available in the UK and the USA. Direct hire roles exist internationally and are subject to vacancy availability.

Additional Information Raytheon Company, with 2016 sales of \$24 billion and 63,000 employees, is a technology and innovation leader specializing in defense, civil government and cybersecurity solutions. With a history of innovation spanning 95 years, Raytheon provides state-of-the-art electronics, mission systems integration, C5ITM products and services, sensing, effects, and mission support for customers in more than 80 countries. Raytheon is headquartered in Waltham, Massachusetts.
