Key contacts

Applications and CV's must be submitted online – see links below.
UK: Elaine McTaggart, Talent Engagement Manager (contact details as above).

How to Apply

Diageo have an informative [Careers](#) website. Although the recruitment of [MBAs](#) is mainly in North America, successful candidates can be placed into assignments in locations such as Norwalk, New York City, Miami, London and Shanghai. The recruitment of talented MBAs is a key element of their strategy and they actively encourage talented individuals to apply and register on their [Talent Network](#).

International Opportunities

The MBA programmes are only available in North America. However, there is a job search facility on the careers website homepage (see link under “How to Apply” above). By typing *MBA* into the keyword box, interested applicants can obtain a list of current openings worldwide where an MBA is a job requirement. Candidates may also be interested in other graduate schemes in Europe and the UK. Further information can be found under [Graduates and MBAs](#) on the Career section of the website.

Key Dates

Monitor the [MBA Opportunities](#) page for future recruitment opportunities. Applications will re-open in Fall/Autumn 2015.

Key contacts Helmut Schuster, Group Human Resources Director.

How to Apply BP run and recruit graduate programmes and internships by region. Go to [Graduate Locations](#) for links to each one. BP run the [Future Leaders Programme](#) aimed at candidates with a post-graduate degree (Masters, MBA or PHD) and 3 years relevant professional experience. In particular, BP look for people with proven technical skills, relevant to the energy industry. The Future Leaders Programme runs over two 18-24 month rotations one of which will be an international assignment. As the business continues to move into new locations, the need for diverse talent is also growing. The programme is focused on three different parts of the business: Downstream (Refining & Marketing), Human Resources and Information Technology & Services (IT&S) programmes.

International Opportunities Opportunities exist worldwide subject to vacancy availability.

Key Dates Follow the links under "How to Apply" above for the latest opportunities and deadline dates. Applications are usually accepted for the downstream programme and the human resource programme from 1 September through to the end of October.

Additional Information BP is one of the world's leading international oil and gas companies providing its customers with fuel for transportation, energy for heat and light, retail services and petrochemicals products for everyday items. BP employs over 85,000 people and operates in almost 80 countries worldwide. Business functions include: Upstream which finds, develops, produces and transports oil and natural gas resources to market; Refining & Marketing takes responsibility for supplying, trading, refining, transporting and marketing BPs products. Alternative Energy is producing energy in new ways - everything from advanced biofuels and wind projects to innovative solar and new technology that captures and stores carbon dioxide released by traditional fossil fuels. Corporate Functions form the backbone of the company and make key decisions about the group, its strategy and plans. Integrated Supply and Trading (IST) makes the most of BPs wide-ranging assets - moving tankers of oil, gas and refined petroleum around the world through a series of complex supply chains.
