How to Apply

BASF runs the [MBA Leadership Development Program \(LDP\)](#). The program, ranked #6 on the 2017 Top MBA Development Programs in Industrial Products & Services Category will enable participants to contribute to real-world rotational assignments within different domestic and international locations. As well as an MBA, candidates are also expected to have 4-6 years' work experience.

BASF also has a 2-3-year [Top Start International Business Leader Program](#) which prepares highly qualified and perfectly trained young BASF managers to take on demanding positions. This program is only offered to exceptional talent. Interested candidates will have a Masters, Ph.D., or MBA, with no more than three years of work experience with grades that are well above average, together with international experience.

The selection process generally starts at various colleges and universities through Career Fairs and On-Campus Interviews. A second round of interviews will be conducted at a BASF location.

International Opportunities

There are opportunities for overseas placements although these may not be MBA-specific. Visit [Careers](#) for details and to run a job search.

Key Dates

The application window for BASF's Professional Development Programs is typically open from late summer through January for eligible graduating college seniors and for college interns (sophomores and juniors). Visit [Jobs](#) and search 'Top Start' or 'MBA' for current openings.

Additional Information

BASF creates chemistry for a sustainable future. We combine financial success with protecting the environment and social responsibility. Around 114,000 employees in the BASF Group work to contribute to the success of our customers, in nearly every industry and in almost every country in the world. Our portfolio covers Chemicals, Performance Products, Functional Materials & Solutions, Agricultural Solutions and Oil & Gas. BASF had worldwide sales of around €58 billion in 2016.
